

26 January 1955

MEMORANDUM FOR: Assistant Director/Research and Reports
Assistant Director/Current Intelligence

SUBJECT : Comparison of Indian and Chinese Communist Investments

Pakistan

1. For NSC purposes, I would like to have the best available comparison of the proportion of Gross National Products devoted to investments for India and Communist China, together with the absolute amounts. I note that the last Economist gave the figures for India under its Five Year Plan. If these are correct, it would be a simple matter to figure out how much additional investment would be required to bring the proportion up to the Chinese level.

2. In any case, could you get together on the best available figures and give me a short memorandum by Monday noon 31 January?
